

MOVING WALLS

MOVING STOOL

The Moving Stool is the perfect addition to the modular and multifunctional office system by Moving Walls. Made from recyclable formfleece, the surprisingly stable and lightweight stool has a generously proportioned and comfortable seat moulded into the top. The conic shape allows for practical stacking of the stool, thus making it another useful mobile working tool in an agile environment. Turned on its upside, the stool also doubles as a practical container or paper waste bin. The handhold cut-out on the side of the stool allows for easy pick up and portability of the Moving Stool. Dimensioned to fit also stacked into the storage space inbetween the Moving Wall, the Moving Stool comes in a stone grey colour.

Designer: Jörg Boner.
Made in Germany.
